

BIG CHANGES THIS YEAR TO THE APPLICATION!

Please read the application thoroughly and carefully so that you are aware of all the changes and choices available for you.

In 2017, we acquired a new building for the 4-H/Extension. Included was an exhibit hall of 18,000 square feet. We have moved all of the exhibits (home arts, fine arts, crafts, community displays) to that new building.

Therefore, this frees up the old exhibit building for commercial vendors and gives an additional option for you. We will still host commercial vendors in the stall barn along with expanded small animal shows.

How do you make your decision on what building you want to be in? Below is a simple chart outlining the differences between the two spaces.

All non-profit discounted booths will be located in the Show Barn.
